

Safety Policy

Chartair, in partnership with its employees, will conduct its business in a manner that ensures safety is the first priority in all our activities. Chartair is committed to developing, improving and implementing strategies and systems of process, to ensure the highest standard of safety performance is exercised in accordance with national and international standards.

Our commitment is to:

- a) Encourage effective safety reporting and communication, with the support of Management and provided resources, to foster a safety culture within Chartair.
- b) Clearly define for all staff and managers their accountabilities and responsibilities for the delivery of the organisations safety strategy and performance;
- c) Minimize the risks associated with aircraft operations to a point that is as low as reasonably practicable/achievable;
- d) Ensure that externally supplied systems and services that impact upon the safety of our operations meet appropriate safety standards;
- e) Comply with and, where possible, exceed legislative and regulatory requirements and standards;
- f) Ensure that all staff are provided with adequate and appropriate safety information and associated safety training;
- g) Ensure that sufficient skilled and trained resources are available to implement the safety strategy and policy;
- h) Establish and measure our safety performance against realistic goals;
- i) Ensure that no action will be taken against any employee who discloses a genuine safety concern through the hazard reporting system;
- j) Continually improve our safety performance;
- k) Conduct safety and management reviews and ensure that relevant action is taken to continually improve our safety performance; and
- l) Ensure that the application of effective aviation safety management systems is integral to all our aviation activities, with the objective of achieving the highest levels of safety standards and performance.
